

Pre and Post EC Zoning District

Town Zoning Map Before May 17, 2004

Town Zoning Map After May 17, 2004

NOTE: Prior to May 17, 2004, zoning on beachfront properties ran the entire length of the property, from Estero Boulevard to the Gulf of Mexico. Subsequent to the creation of the EC Zoning District (May 17, 2004), properties that previously were one consistent zoning district for the entire property became bifurcated by the EC Zoning District.
